I really like Amy's Organic Beans & Rice Burrito, but as a non-vegetarian, I like to eat meat too. A lot of burritos are very large and calorie dense, so I'm pretty aggressive about analyzing nutrition labels on burritos. For...

According to the Kellogg's Ice Creme Sandwich Pop-Tarts box, they have "25% Less Sugar Than Leading Toaster Pastries." But if I'm not mistaken, aren't Pop-Tarts the leading toaster pastry? [Photographs: Maggie Hoffman] I didn't grow up with frozen pizza. My dad used to pop two English Muffins in the toaster oven for us, and top them with marinara sauce and shredded cheese, but that was the extent of my quick-faux-pizza childhood experience. So I come to frozen pizza with an open mind. Is it possible to find tasty frozen pizza? Are there any worth keeping around for when you're in a pinch? We'll see. I started out simple this week with Trader Joe's frozen Pizza Ma...

Reaching in to the Slice mailbag, we've got ... I have a very odd request. My best friend's birthday just passed. Because of our schedules we couldn't meet up. But we will meet up very soon. Both of us are coming to NYC from out of town. I still have not figured out what to get her 'cause i practically have gotten her everything under the sun. So a crazy idea hit me. She is very simple and likes simple things. I have heard her say so many times, "A pizza and a movie is fine by me." ...

[The World's First Twitter Cookbook](#) Oct. 6, 2010 (2:00 PM EST) [SlashFood](#) 3 Views

Filed under: Books, Recipes Photo Illustration: Getty Images For foodies and off-work cooks, Twitter is a way to share recipes for the tactfully short-handed and poetically brief. (See: Eric Ripert, Ruth Reichl and Ian Knauer). Most recipes are simple or merely state the components of a dish for inspiration, but some people tweet full recipes within the allotted 140 characters. Amateur cook Maureen Evans got pretty good at it -- so good, in fact, that she developed the first-ever Twi...

I love stories like this. As you may remember, we did a My Pizza Oven interview with Caleb "Flagstaff Forno" Schiff back in April. I returned to San Francisco from a trip from Flagstaff, Arizona, where I had the honor to be welcomed into the home of Caleb Schiff (Flagstaff Forno). Yes, I indeed took him up on his offer for ...

Chef Cesar Ramirez, Brooklyn Fare As we noted earlier, Zagat's thunder-stealing upstaging cannot thwart the power of the new Michelin restaurant guide to NYC, which hits shelves tomorrow. Though more influential abroad, inclusion in the famously rigorous guide is a major feather in any chef's cap. This edition deems 715 restaurants worthy of mention, and out of those just five restaurants earned three stars. Ten restaurants were rated two stars, while 42 restaura...
